

GLOBALG.A.P. (Euregap) Plant Propagation Material (PPM) Standard

GLOBALG.A.P. is a world-wide partnership of voluntary members who have a shared vision of harmonising good agricultural practice (GAP). The Euregap Standard is for plant propagation material, fruit, vegetables, flowers and ornamentals. The GLOBALG.A.P. (Euregap) partnership promotes safe and sustainable agriculture/horticulture to respond to consumer concerns on food safety, environmental protection and staff welfare.

GLOBALG.A.P.

Plant Propagation Material (PPM) Standard

- The GLOBALG.A.P. Plant Propagation Material standard is by approved certification bodies
- NSF-CMi Certification is the UK-based approved certification body for GlobalG.A.P.
- The GlobalG.A.P. logo is not to be displayed on end products.
